## Vote for casino, bring in much-needed jobs

Wednesday, July 23, 2008 5:16 PM EDT

To the editor: The people of Allegan County have a very important primary coming up. We need to vote for someone who will fight for jobs, not against them.

My best guess is this would automatically eliminate Mr. Todd Boorsma. His claim to fame is depriving the county and it's residents of 1,800 jobs for several years now. What he's really best at is being the "Poster Child" for MichGO and what's best for Grand Rapids.

Let's not give him a new job of representing all us people of Kent—I meant Allegan County in the state house.

Please use your vote wisely and elect someone who will support the Gun Lake Casino and the much-needed jobs it will bring.

P.S. Sorry Todd; it's doubtful D.K. and the tribe will give you a job after all you have done for them. Check with your pals at MichGO or the Grand Rapids Chamber.
