## Boorsma's agenda out of whack

Wednesday, July 23, 2008 5:16 PM EDT

To the editor: This letter pertains to the likes of Todd Boorsma—I can't believe this nut is running for public office to represent the 88th District in Allegan County.

As far as I can see, he's done nothing but damage to our county—how dare he think he can represent me as a voter in Allegan County; his whole agenda is to stop the casino in Bradley.

I see a big tree in his yard has been hit by lightning—I wonder if God is trying to tell this hypocrite something.

He was booed in the Dorr parade and also in the Hopkins parade and guess who led the booing section: I did. I have had it with this nonsense.
