Glad tribe is close

Congratulations to the Gun Lake Tribe ("Tribe declares victory for casino," Press, Feb. 25)! I look forward to visiting its new casino and maybe even working there, since I will be losing my job soon. I find it hard to believe the city of Grand Rapids will have to roll up its sidewalks because of the casino! Why doesn't the opposition have a problem with the state lottery system? Isn't that a form of gambling? Best of luck to the Gun Lake tribe!
