

LETTER: Gun Lake Tribe's dream realized

by Advance Newspapers

Monday March 09, 2009

In regards to the Gun Lake Indian Tribe, I congratulate all of you for your patience and fortitude.

You have endured a lot over the past several years and many of your people have not lived to see this dream of a casino in Bradley become a reality. But they are with you in spirit.

Through some of the political rhetoric and delays caused by some, you have shown diplomacy and kindness to many.

I commend you. Please know your many friends and neighbors are happy to have the casino in Bradley.

My congratulations to everyone. I wish you 100 percent success.
