**Thoughts on the casino ...** I made up my mind that at my age, I probably would not see the Gun Lake tribe open a casino in Bradley ... Things were just going too slow ... Now I'm back to having a glimmer of hope that maybe, just maybe, I will live to see jobs created, business booming in the Wayland area ... I thought it would become a reality some day, if for no other reason than this is the United States of America, and in our country, fairness eventually wins out ... Those that are seeking to deprive the tribe of fair play are going to lose in the end, and I'm hoping that the end of this story is coming to a close ... Oh, there will still be some delays as the naysayer's take their last shots, but I'm betting on the chairman and his warriors ... Your patience will be rewarded D.K., and Allegan County will be a winner.

**Two people have called me** wanting to get in touch with Glenn Slager ... We wrote about Glenn a month ago and told about his theory of building homes from a foam product ... He can be reached at (269) 521-4865.
